Fellowship Missionary Baptist is located on the southeast side of Cedar Rapids. The congregation has been in operation for 33 years. The ministry continues to share the Gospel of Jesus Christ to all. Sunday mornings offer an exciting combination of both preaching and teaching Gods Word. **We welcome all to come and worship with us.**

Fellowship outreach missions address the needs of the communities underserved families including veterans, incarcerated, and homeless.

The Flood of 2008 only affected the basement; water did not reach the main floor and the sanctuary. The church received community donations and small grants for flood repairs. Renovations were also made on the first floor. The church returned to its home building in February 2009.
